Dues	$1,917.45
Donations	$ 146.00
Total	**$2,063.45**

The good news is that we managed to reduce expenses for 2019-2020 by $534.44. However, income also fell, by $227.36. The major expense that we have is printing and postage for **Biophilately**. Dick Roman managed to reduce our costs from over $500 for the fist issue in this period, to just over $200 for the last two issues pre COVID-19. However, the June 2020 issue of **Biophilately** went to a printing firm in Minnesota and costs rose substantially. When Dick was doing the publishing, we reimbursed him for expenses, but did not pay him for his time. Total postage costs also fell from 2019 to 2020.
